Board of Common Council .- The following communication was received from the Corporation Attorney and referred to the public school

OFFICE OF CORPORATION ATTORNEY, } Washington, Oct. 5, 1857.

Board of Common Council: Siz: In compliance with the resolution of your Board, calling for my opinion upon the question whether the Trustees of Public Schools are "officers of this Corporation; and whether the decision of the Circuit Court, in the case of Miller vs. the Corporation, gives to the Mayor the appointment to such offices," I have to reply:

That the case of Miller vs. the Corporation does not, in any manner, apply to the matter of your inquiry. No doubt the case referred to, is one which came up on appeal from a police magistrate at the last term, and in which the ground was taken by the appellant that the proceedings before the magistrate were coram non judice, and void because the magistrate was an officer of the Corporation, and had not been duly appointed upon nomination by the Mayor, and confirmation by the Board of Aldermen; but had been elected in joint meeting under an ordinance of the Corporation. The Court held that the police magistrates authorized by the charter to be selected from among the county justices are officers of the Corporation, and that all officers except those elective by the people, must be appointed upon nomination by the Mayor to the Board of Alder-

I am unable to discover any ground upon which the Trustees of the Public Schools can be withdrawn from the operation of this decision. The argument in favor of considering the police magistrates "officers of the Corporation," seems to apply with increased force to the case of the trus-

THE RIVER .- The owners of the Lady Gay Spanker, and the men about the Long Bridge, are not satisfied with the result of the late regatta. They think the Spanker did not get a fair sho 7 in the race, having been unfortunate in parting her peak halyards, and they propose to have another race and enter the Spanker singly against her at the late race, for \$50 a side, or to enter her against all of the boats which participated in the ate contest, each owner to put in 850 and sweep stakes; whether this offer will be accepted by the other parties, remains to be seen.

At Riley's wharf arrived schr. Arkansas, Capt. Harrington, from Philadelphia, with 100 tons of coal for T. W. Riley. At the above wharf arrived yesterday morning something like 2,000 bushels of oysters, more than 1,000 bushels of which were carted up town during the day. Some 300 bushels were brought up by Capt. Tignor from Tangier creek, and were of excellent quality, The larger portion of them were purchased by F. H. Benter for his restaurant.

At Magruder & Stone's wharf, arrived schooner Euphrates, Quintin, from Philadelphia, with coal for T. Branson.

An understanding has been effected between the two lines of steamboats-the Collyer and the Page-that they are to make regular trips between Washington and Alexandria, so as not to interfere with each other's operations. This arrangement will be of great service to the public, if strictly adhered to; and it remains to be seen which line will fail to keep the compact. There can be no doubt that if both lines conform in every respect to the rule of regular hours, the owners will reap great advantages on both sides. THE MONTGOMERY GUARDS' target shooting

excursion to Berry's woods, yesterday, was a very lively affair. The shooting was excellent, considering the practice of those who entered for the contest. The prizes were won and awarded, as follows: Best shot, private Sheahan, silver cup. Second best shot, private Butler, gold cross. Third "Folay, gold locket.

The prizes were awarded by Lieutenants Oldfield and Keleher, and Quartermaster Maher. Col. Hickey, who was present, addressed the Guards in the subjoined appropriate remarks, which were handscinely responded to by Lieut. Oldfield on the part of the company :

COL. HICKEY'S SPEECH.

Volunteers: By the invitation of your commanding officer I am here, at your target practice, to judge of the relative accuracy of your firing, and to be the medium of presenting to the successful competitors the prizes which have been provided for the occasion. To be the instrument of reward. ing merit is always a pleasing task; but, as in this case, where the interest and competition involved in this practice tend so directly to make volunteers good marksmen and practical soldiers, I find it a duty incumbent on me to do all in my power to give it a hearty co-operation and encouragement. You are thus preparing yourselves the better to serve your country in the day of trial. should an enemy invade this land, in which you have cast your destiny, and to whose honor and safety you are ever ready to devote your lives You have only to imitate the military virtues and noble gallantry of the man whose honored name your company bears, to entitle you to the high privilege of standing in the ranks as American soldiers to defend the Constitution, the laws and the liberties of this country. In those ranks no distinctions of party can be recognized, either political or religious; there, all true soldiers stand shoulder to shoulder, with souls filled with patriotic devotion to these United States of America. and with arms and hands ever ready to defend them against their enemies.

In the appointments and arrangements of your voluntary association, you have, in a particular manner, illustrated and proved your concurrence in these views; and are, therefore, entitled to the confidence and encouragement of your fellowcitizens, because you have given the best guarantee that in civil life, you will prove quiet, peaceable and law-abiding citizens, tolerant in principle and generous in action. Connected with this illustration, I might proceed to dwell upon the mutual relations and confidence subsisting between your company and your estimable, intelligent, and gallant officers; suffice it to say that, in the judgment of the community in which you ive, you have done honor to your company by their appointment; while, on their part, they have felt proud in the command of men identifying themselves with the devoted spirit of Mont-

LIEUT. OLDFIELD'S REPLY. Colonel: As the officer in command, to-day, I beg to tender to you, sir, the sincere thanks of the officers and privates of the Montgomery Guards for the great kindness you have shown in acting as judge on this occasion, and for your very flattering remarks while awarding the several prizes. We have endeavored, Colonel, to perfect our-

selves in the "school for the soldier," in order to be the better able, on a call from our country, to place ourselves as good soldiers between her and any danger that might threaten; and feel proud. sir, that our exertions have not been all in vain, since it has pleased you to speak of our performance here to-day in a commendatory manner You may rest assured, sir, that we shall continue, by a strict observance of the laws, and by our deportment and bearing as citizens and soldiers, to be worthy of the confidence and respect of our fellow-citizens. Our organization is neither political nor religious, and in the performance of our duty as citizen soldiers we know no distinction of party; we look no further than to obey to the letter the commands of our superior officers, trusting in their patriotism and genuine love of country not to lead us estray, and sincerely hope that should we ever be called upon to defend the Constitution, the laws, and the liberties of the country," that you will find us at our post, arms in hand, shoulder to shoulder, ready to "do During the day a very large and beautiful bou-

just was presented by a fair daughter of Erin to Lieut. Oldfield, which brought the rose to the cheek of the gallant Lieutenant

THE BANK OF WASHINGTON AND THE CORPO-BATION .- In the Board of Aldermen, last night, it was stated by Mr. Riggs that an impression having got abroad that a large amount of the funds of the Corporation had been deposited with the Bank of Washington, he had, by invitation, examined the account of the Corporation with that bank. The Corporation was credited with \$60,000, and charged with \$14,000, leaving balance of \$16,000. Of the latter sum \$9,000 is interest on the funded debt, which leaves but \$7,000 actually on deposit.

THOMAS MARSHALL OFFUTT, convicted at the November term (1855) of our Circuit Court of shooting at, with intent to kill, Oratio Clagett. and who made his escape at the time, was, on Thursday morning last, captured at his own house on the River Road by a man from the District of Columbia named Pursell, who brought him to this place and lodged him in jail.

It will be recollected that the Governor, by proclamation, offered a reward of \$300 for the apprehension of Offut. We presume it will be forked over to Mr. Purseil - Rockville Sentinel.

A FILTHY SMELL.-The ruins of the old Na. tional Theatre continue to emit a most disagreeable odor, threatening sickness if not death, to those residing in the immediate vicinity. The Health Commissioner should give them prompt attention, enforcing the law against the parties whose duty it is to prevent the existence of such a state of things there. SHOT .- An individual named Dull, from Balti-

more, in attempting to force his way last night into the house of Wm. Marcus, No. 400 Pennsylvania avenue, is said to have been wounded by the latter with a pistol shot, that took effect in the shoulder, fired as he (Dull) was in the act of kicking a door open. The wound is said to be slight. The police, we believe, regard Dull as a very turbulent man. Assignment .- The Cumberland Coal and Iron Company have failed, and made an assignment.

on Saturday last .- Alexandria Gazette.

EVERYBODY Went to Odd Fellows' Hall las, night to see Blitz; all his old friends and admi. rers were there, of course, and also hosts of the rising generation, who have heard of his astonishing feats.

Vastly delighted was everybody at the neatly executed tricks; the performance of the canaries and above all the amusing feats of ventriloquism. the conversation with "Uncle George," in the box, and "Johnny" under the table, and "Tom-my" overhead, and "Jim" down in the cellar; and then there was the talking automaton, and the young man who couldn't stop singing; and the squeaking pig, and the "mooing" cow in the orchestra, and the magic jewsharp! Ha! ha! ha! how everybody laughed; and to-night there will be more fun yet. Go and see if there isn't! To-morrow and on Saturday Signor Blitz gives afternoon entertainments, commencing at 3 o'clock.

SHIN PLASTER CURBENCY AGAIN .- The Alexandria papers notice, disapprovingly, the issue in that city of small notes of the Corporation of Alexandria, bearing a fictitious date to give them a little age. The Sentinel says they exhibit more faults and more blunders than can be found on other piece of paper six inches by two They are just issued, in Alexandria, Va . 1857, but are dated 'Alexandria, D. C., 1846." They are signed by "S. J. McCormick, Auditor," when that gentleman was not the Auditor in 1846, nor until 1856 They profess to be issued "under the act of the Corporation," when the act referred to was passed under the old charter, and has years ago passed away with the old charter. They are in the form of a due bill payable "ten days after date," and if demandable at atl, subject the Corporation to the payment of eleven years interest. CENTRE MARKET .- This morning there was

evidently a falling off in the attendance of country dealers, and the supply in consequence was much less than usual. Good order was preserved throughout the market house, and the regulations of the market enforced. . The school room is free of rent to any teacher who will take charge of the school, which has been in a flourishing condition for the last eight years. Besides this the Society has contributed largely to the support of such poor families as have needed assistance from the institution.

ACCIDENT .- A lad, named Albert Lawley, was this morning driving a mule attached to a cart down Seventh street. When opposite the Dexter House one of the traces became unloosed, and the mule taking fright dashed off, running against the granite steps of the hotel in his endeavor to turn into the alley, throwing the boy out and injuring him severely. Although, on examination. t was found that no bones were broken, yet the injuries received are considered of a dangerous character, being internal. He was taken into the restaurant under the hotel, where he is receiving the attentions of his friends. THERE HORSES AND A FOOTMAN .- Last night

a man named George W. Miles, of Tennessee, while intoxicated, kicked up a row in the streets, near the Capitol, and abused passers-by in an outrageous manner. He was arrested by the watchmen on that beat, but declined to go with them, and as he was rather too heavy for them to lift conveniently, they deposited him in a light wagon, and three of them seizing the shafts and the fattest of the party pushing behind with all the leverage of his immense weight, they trundled their man to the guard-house, where he was fined \$5 and costs.

LAST NIGHT as the Montgomery Guards were passing along Pennsylvania avenue, near Browns' Hotel, some one in the crowd near the ranks fired a pistol in the air, apparently through pure wantonness, and then ran towards Seventh street and escaped in the crowd near the market.

This dangerous sport is a violation of law that should be severely punished, and in every case the full penalty should be enforced upon offend-

THE PRESSURE HEREABOUTS .- It is understood that Messrs. F. & A. H. Dodge, of Georgetown, have been compelled to yield to the financial pressure, and that they vesterday made an assignment for the benefit of their creditors. Heavy losses upon sugar, and the failure of Messrs. Abbott & Dodge, have, it is supposed, occasioned their suspension.
